

IMPORTANT SNIPE NEWS FROM DENMARK

- Denmark has been known for many great things also within the sailing and especially SNIPEsailing.
- Over the last 50 years more than 3000 snipes were built in Denmark by SKIPPER and PERSSON SNIPE. SKIPPER has stopped but the PERSSON SNIPE are still being built successfully in Italy by Enrico Micheal - DB - MARINE.
- WIIBROE CUP changes name to HARBOE SNIPE CUP in 2010.
- SNIPEsailing is still attractive in Denmark and the biggest "spring"-regatta in North Europe is WIIBROE CUP, which has been taken place in Espergærde for the last 42 years. Usually we have around 50 or more snipes on the water from different countries like Sweden, Norway, Germany, Belgium, England, France, Italy, Poland but also overseas visitors like from USA, Japan and Brasil.
- The regatta has through the years been sponsored by a local brewery, but they wanted to stop the engagement. Luckily we have found a new fantastic main sponsor, also a brewery named HARBOE BREWERIES A/S.
- HARBOE BREWERIES A/S is very much involved in sailing in Denmark and are sponsoring many important regattas in Denmark like the Dragon Gold Cup, FARR 40 Worlds and 470 Worlds which all have been very successful. Their products are very tasteful- the beers as well as their waters, juices, Coca-Colas etc. Many of their new products are ecological.
- Therefore we are proud to announce that HARBOE SNIPE CUP will take place in Espergærde Sejlklub 22.-24. May 2010.
Do we have to mention that free brewerage is a part of what we will offer.
- We already know that the Norwegians, Swedes and Belgians will be here to celebrate the first HARBOE SNIPE CUP which also contains:
 - OPEN DANISH CHAMPIONSHIP & DANISH NATIONAL CHAMPIONSHIP.

ENTRY AND MORE INFO ON www.snipe.dk

Looking forward to see you in ESPERGÆRDE - 35 km north of Copenhagen.

2011 SNIPE WORLD CHAMPIONSHIPS

Espergærde Sejlklub and KDY (Royal Danish Yacht Club) will together with our main sponsor HARBOE BREWERIES A/S organize next years JUNIOR & SNIPE WORLD CHAMPIONSHIPS in the 2 first weeks of August 2011.

The regatta will take place from RUNGSTED HARBOUR - 20 km north of Copenhagen which has the best facilities you can ask for. Recently the 470-Worlds with 130 boats was held there and was a great success.

As we expect the maximum of participants for the SNIPEWORLDS we aim to make it successful too. Here you can all help!

- Even if we expect to have CHARTERBOATS for those, who really need it, we urge all to bring their own snipes, if possible!!!
- All Europeans will have to do so, and for overseas participants we must try to find attractive CONTAINER freights that can beat the charter fee!!
- It is obvious that you would prefer your own boat to have the best result and we will help you to make it possible.
- Charterfees will be approx. €1000.- for newer snipes (DB-MARINE) and less for private owned used snipes.

At RUNGSTED HARBOUR 50 m from the ramps there will be room for the containers during the championship to make it convenient for you.

We have already reserved some HOTEL rooms in a nearby Hotel, only 200 m from the Harbour and sailing club.

Espergærde Sejlklub and KDY hope to see all of you and we will do everything to make a remarkable event.
